MEMORANDUM OF UNDERSTANDING BETWEEN NSC & IIT DELHI

This Memorandum of Understandings executed between Nuclear Science Centre, New Delhi and Indian Institute of Technology, Delhi for making a joint appointment of an experimental nuclear physicist, who will be on the rolls of IIT Delhi and his/her research activities will be primarily based on NSC accelerator facilities. The salient features of the appointment are given below:

1. **Objective**

Inducting experimental scientist in IIT Delhi to enthuse younger generation, strengthen academic links between the IITD & NSC, and organise internationally competitive accelerator based research.

2. **Funds**

The liabilities for the incumbent's pay and allowances will be met by NSC during the first five years and thereafter all the liabilities will be incurred by IITD as in the case of a faculty member of IITD. The position will remain earmarked for an experimental nuclear physicist.

3. **Recruitment**

The selection procedure for the incumbent will be followed as per IITD norms. Director, NSC or his representative would be associated with the selection process. The incumbent will be on the roll of IITD. He will be entitled to all the privileges and facilities provided to IITD faculty members. He will also have the access to all the research related facilities available at NSC.

4. **Assignment to the incumbent**

He will participate in the academic activities of IITD & NSC spending about 50% time at each organisation.

5. **Evaluation**

The evaluation of the research activities shall be done by Director, NSC with a representative of IITD. The evaluation of the teaching activities would be done by IITD. The annual self-appraisal form will be signed by appropriate authorities of both the organisations.

6. **Administrative Control**

The person will be under the administrative control of IITD. All rules/regulations of IITD will be applicable.

7. **This MoU is signed subject to approval by the appropriate authorities on both sides.**
